PRESS RELEASE

**MIR HAZAR KHAN BIJARANI, CHAIRS BOARD OF DIRECTORS
MEETING OF HMC, TAXILA**

Islamabad: June 01, 2010.

Federal Minister for Industries & Production Mir Hazar Khan Bijarani chaired the meeting of Board of Directors of heavy Mechanical Complex which was held at HMC Taxila. Secretary Industries & Production, Mr. Abdul Ghafar Somoro was also present besides other Directors of the Company.

Heavy Mechanical Complex is a state owned engineering enterprise engaged in manufacture of Heavy engineering goods such as plants & machinery for Cement, Sugar, Oil & Gas, chemical & Fertilizer Industries, boilers, electric overhead traveling cranes, road construction machinery and equipment for Pakistan Railways etc.

HMC in the current financial year under review has earned revenue of about 2 Billion rupees and has attained a break even by earning a nominal profit.

HMC has also entered the field of manufacturing equipment for Hydro Electric Power Plants. It has so far manufactured equipment for Ghazi Brotha Hydro Power Plant, Malakand-III Hydro Power Plant, Warsak Hydro Power Plant and a number of mini hydro power plants for Northern Areas. Presently, it has in hand orders for manufacture of equipments for small hydro power plants in Azad Kashmir.

The Minister & visitors also took a round of various workshop of the complex. While talking to journalists the Minister appreciated the workmanship and quality of HMC products. He also highlighted role of HMC in development of heavy engineering industry in Pakistan.

Dr. Muhammad Ashraf Butt, Managing Director, HMC Taxila welcomed the distinguished guests on arrival at HMC and briefed them about the background, present activities and future plans of Heavy Mechanical Complex, Taxila.
