

**GOVERNMENT OF PAKISTAN**  
**MINISTRY OF INDUSTRIES**  
**P&P WING**  
<><><><>

**SICK INDUSTRIES DETAILS**

**SOURCE: Industries Department of Punjab, Sindh, Balochistan, KPK & EPZA**

- All Provincial Governments and Export Processing Zones Authority (EPZA) were requested to provide a detail of all closed down industrial units along with number of workers rendered jobless. All Provincial governments and EPZA have furnished requisite information. As per their statement of Governments of Punjab, Sind, Khyber Pukhtunkhwa, Balochistan and EPZA a total number of 1579 Industrial units have been closed down in the country during the last five years as per following break-up:-

<u>S. No</u>	<u>Province</u>	<u>No of industrial units</u>
1.	Punjab	115
2.	Sind	700
3.	Khyber Pukhtunkhwa	<b>688</b>
4.	Balochistan	29
5.	EPZA	47
	<b>Total</b>	<b>1579</b>

- Government of Sindh, Khyber Pukhtunkhwa, and Balochistan have not indicated the reason of closure of these industrial units. However, while indicating the reason of closure of these units, Government of Punjab has stated that beside change of ownership and ownership disputes, major reason was financial constraints/problems. Whereas as per EPZA's statement, out of 47, 37 industrial units have been closed down due to non-fulfillment of export obligations as per license agreement by the investors. 10 units have been closed down due to restriction of 80:20 exports Ratio (80% export abroad and 20% within country).
- As far number of workers rendered jobless is concerned, Government of Khyber Pukhtunkhwa and EPZA have provided the information. Governments of Punjab, Sindh and Balochistan have stated they have no data of such workers. As per statement of Government of Khyber Pukhtunkhwa approximately Seven thousand (7000) whereas as per EPZA's statement five hundred thirty (530) workers became jobless due to closure of industrial units during last five years.
- A total number of 1579 industrial units have been closed down during the last five years.

- Break-up of closed units in all provinces and in EPZA is as under:-

S. No	Province	No of industrial units
1.	Punjab	115
2.	Sindh	700
3.	Khyber Pukhtunkhwa	688
4.	Balochistan	29
5.	EPZA	47

**Total 1579**

- Approximately Seven thousand five hundred thirty (7530) workers rendered jobless due to closure of industrial units.

- New Industrial policy is addressing the issues that have led to closure of the units and formulating measures to revive the sick units if found viable.

#### ■ Policy measures recommended to assist “Sick Industrial Units”:

- The Ministry of Industries proposed policy measures for sick units:

- In any business firms survive due to a variety of reasons however in relatively efficient markets the productive capacity of failed firms is acquired by others.

- In Pakistan due to difficulties in liquidation of businesses a huge amount of productive capacity lies dormant at any point in time.

- The government is endeavouring to institute a more transparent and efficient procedure/system to help distressed firms get out of business quickly and at least cost.

- For this purpose the MoI recommends:

- Changes to the bankruptcy laws to make it easier for businesses to acquire distressed firms. The transition and exchange of hands in business will be made swifter under these legal revisions.

- Also fully supports the Corporate Rehabilitation ACT being developed by SECP and ensure that the ACT covers the possibility of providing technical support in reviving the sick industry.
